#### VISITING CLERGYMEN HONORED Union Meeting Held at United Presbyterian Church.

The United Presbyterian churches of the city held a union meeting at Wagoner Place United Presbyterian Church last night in honor of the Reverend Doctor A. G. Wallace, general secretary of the Board of Church Extension, and the Reverend Doctor Alexander Gilchrist, general secretary of the Board of Home Missions. The Reverend Doctor A. M. Campbell, pastor of the Wagoner Place Church, presided. The first speaker of the evening was the Reverend Doctor Wallace, who briefly recounted his recent visit to the mission churches on the Pacific Coast and called attention to the rapid growth of the de-

nomination in the Far West. He said that the migratory spirit is a great drawback to all missionary efforts.

Pastor Campbell stated that Doctors Wallace and Glichrist had traveled more than 10,000 miles in their Western trip and had stopped at St. Louis for the purpose of inspecting certain parts of the city with reference to the planting of new churches.

Doctor Glichrist said that the keynote of mission work was enlargement of thought and effort. He declared there was a too great tendency to selfishness on the part of individual churches. Special emphasis was laid upon the importance of city evangelizing. He said that the churches in general were losing their hold upon rural districts and gaining influence and power in city life. He said that the cities were the thrones of power for good as well as evil, and all because of the influence of the church in these great centers. Speaking of dependent or mission churches, the doctor said they should seek to be self-dependent as rapidly as possible. In his opinion, he said, few churches were doing all they could in the line of mission work. He said that in his examination of the city yesterday he found at least four sites where succould in the line of mission work. An appeal was made that the churches already established undertake this work.

Providence, R. I., Nov. 12.-A letter 200 years old, from Captain Kidd, the notorious pirate chief, to John Bailey, Esq., of New York, which is believed to be genuine by those to whom it has become an heirloom has been deposited for safe keeping in the office of the Record Commissioners of this

The letter is the property of Edward Field, clerk of the Municipal Court of Providence, and decendant of the Warner family, which was among the first to settle in what is now the town of Warwick. It was

found among family papers.

Apparently the communication was written after the capture of Captain Kidd. The letter contains much more matter, and refers to many incidents which have been found to be historically correct. The words which would tell exactly where the treasure was buried are omitted, and their places are taken by crosses. It is consid-ered likely that along with the letter went another writing, in which was given the key to the omitted portions.

## MR. WINSTON CHURCHILL'S new novel THE CRISIS

Is still the best selling book in the Urited States, and perhaps in the world. For one reason, it is the best story and the most exquisi ely told, and for another it gives us that interpretation of American history that we so much need, and that inner light on the life of our great men which no one now would be without.

Recognizing the fact that the book is destined to increase its popularity from now on, the publishers are putting on the market a special holiday edition with a portra it of the author, never before published, and reproduced in photogravure. And this edition will be sold at the same price as the other, viz., \$1.50 net, by the booksellers.

### ROOSEVELT BEGINS FIGHT IN MISSOURI.

Reported to Have Made Combination for Overthrow of Richard C. Kerens as Boss.

#### BIG FOUR TO BE INSTALLED.

Akins, Joy, Bartholdt and Houser May Dictate Federal Appointments if the Reports Be True.

"Akins, Joy, Bartholdt and Houser, as the men who can get votes, will control Federal appointments in Missouri," sail a prominent Republican yesterday, who has had recent inside advices from Washington. "Kerens has been eliminated in about as effectual fashion as was Filley, simply because some of his present appointments are not up to the President's standard, and because he is not in favor of Roosevelt's policy on the trust question. The Roosevelt machine is becoming a matter of fact and not of speculation in Missouri politics."

Necessarily there is a great hustling among Republican politicians to get into the band wagon of the new combination. Though the next election is a year hence, Republican State headquarters are assum-

Republican State headquarters are as ing an activity that shows plainly enough that something is doing. Where two mouths ago Chairman T. J. Akins seemed to be working against the stream in his task of building up the Republican organization, he is now the bright particular star of the faithful friends who have stuck to him when things were very blue.

when things were very blue.

Reasons for Kerens's Overthrow.

It is interesting to know just how the constination was formed. At no point have sitruistic plans prevailed. To those who have insisted that President Roosevelt was not concerned in his nomination to succeed himself, the reason was given for the overthrow of Kerens is sufficient.

Said the man who has the latest news from Washington: "Since Kerens has been so prominent in Missouri noilities, there has

so prominent in Missouri politics, there has been a continual fight. His appointments have been made generally without consulta-tion with the State Committee, the organi-zation which has to bear the burden of every election.
"Why, in the inst election Akins, besides

"Why, in the last election Akins, besides devoting valuable time to the committee's work, donated 5000 to the campaign fund. Kerens gave \$500, and hardly lent even moral assistance to the fight that was made on the Nesbit and police laws. In the counties where he controls the organization, the State Committee has had lukewarm sup-Poort.

These things were laid before the Presi-

State Committee has had lukewarm support.

These things were laid before the President. Now, Roosevelt wants votes. He realizes that Kerens is allied with the clique of Ohlo-the clique would unseat him in a moment, if possible. Kerens men in Kansas City failed to join the first organized Roosevelt Club. Instead, Kerens declared for Fairbanks of Indiana. Roosevelt could expect nothing from the present Missouri National Committeeman at the next Republican convention."

This account being the one accepted at Washington, Chairman Akins had very easy sailling. As a friend of Secretary Hitchcock he has succeeded in landing a few minor jobs in the Interior Department. Congressmen Joy and Bartholdt want to succeed themselves. They have been getting very little encouragement from Kerens, who was looking forward to the time when he could declare himself a candidate for the Senate before the Missouri General Assembly. The only two Republican Congressmen in the State have been alighted by the man to whom they looked for help.

Houser is Brought in Line.

Just as Akins, Joy and Bartholdt were getting together the Globe-Democrat appeared with strictures on the President's policy of appointing good men to office in the South. This would never do. The newly formed triumvirate immediately brought D. M. Houser, manager of the Globe-Democrat, to time by promising that United States Marshal Bohle and Consul General Barlow of Mexico should retain their places.

"There may be some comment about this," explained the well-posted Republican. "The President has insisted all along that only men who came up to his standards would be honored. However, Roosevelt was given to understand that unless these two men were reappointed the Globe would start one of its characteristic attacks and cause trouble. He hated to make the compromise, but under the circumstances it had to be done."

done."

Friends of Chairman Akins announce that he is a prospective candidate for the United States Senate in case the Republicans carry the State next year. It is known that he wants no Federal office. His popularity in his own organization and the hatred of the Kerens faction would have insured him nearly any berth he might have chosen.

C. H. Smith, former private secretary of Mr. Kerens. Marshal Bohle will retain his office. As he can carry no primaries United States Attorney Rogier will be succeeded by a more "effective" man, probably Colonel D. P. Dyer, whose popularity in the party is unquestioned.

P. Dyer, whose popularity in the party is unquestioned.

This will come as a surprise to many. A rumor was spread that the Colonel would receive the place now filled by Tams Birtly on the Dawes Commission. Those who profess to know, assert that the President is tired of the manner in which the commission has been drawing fat salaries and that a law will be passed abolishing the commission. Instead a single commissioner will be created, who will be appointed to wind up the affairs of the tribes in a businesslike manner. Colonel Dyer does not want to get on a dying horse and is not anxious to leave St Louis. The District Attorneyship will about satisfy him, as well as the Akins-Joy-Bartholdt-Houser combination.

Major Warner's Position Safe. Major Warner's Position Safe.

No successor has ben chosen to Internal Revenue Collector Grenner. He is slated to go. Frank D. Roberts of Springfield will receive the Marshalship of the Western District. Major William Warner, another "efficient" man, will be re-appointed District Attorney. Other Kansas City Federal appointments have not been definitely decided.

According to those who claim to be on the

appointments have not been definitely decided.

According to those who claim to be on the inside, Frank Albus will be the next Postmaster in St. Joseph. Kerens has been the unknown quantity heretofore in the bitter fight in that city. It is said that he could have named the man when President McKinley lived, but hoped to keep friends with all sides. Albus has been a stanch supporter of Chairman Akins.

In connection with the next gubernatorial nomination the Republican friends of the new combination are quietly carrying on a campaign in favor of former Mayor C. P. Waibridge. He worked hard under the suspless of the Stafe Committee during the last campaign and made friends of the party leaders.

The quartet in the new deal- are pointing to the fact that in turning down Kerens President Roosevelt has shown his trump card. He has given a national importance to Missouri by illustrating the method of campaign he will carry on in favor of his recommendation resarding trusts. He has deciated war on the man who represented Hanna in this State. He has announced his determination to fight even the National

Committee of the party in order to carry his trust law into effect.

No word has been received as to the action which Mr. Kerens may take. He is not known as a quitter. Neither was Filiey in his day. When he does come back there will be interesting times in Republican politics of this State. Yet, argue the new forces at the helm, the National Committeeman is shorn of all his power by the removal of the appointive power. Which may or may not be so.
